## Press Release

### **ACS Technologies Limited Becomes Exclusive India Partner for Tahaluf AI Emarat, Bringing Internationally Recognized AI Innovation to India**

**Hyderabad, March 30, 2026** — ACS Technologies Limited (BSE: 530745), a technology solutions provider serving India's government, defence, and enterprise sectors, today announced an exclusive strategic partnership with Tahaluf AI Emarat Technical Solutions L.L.C S.P.C ("Tahaluf"), a UAE based company specializing in Artificial Intelligence (AI), Internet of Things (IoT), and smart city and analytics solutions.

Under this agreement, **ACS Technologies becomes Tahaluf's Exclusive PAN India Reseller**, authorized to distribute and implement **Tahaluf's full portfolio of AI and IoT solutions across government, defence, enterprise, and commercial segments.**

#### **Bringing internationally recognized AI innovation to India through ACS**

This partnership enables **ACS Technologies** to introduce internationally recognized AI innovation to India, leveraging Tahaluf's proven platforms to support **smart governance, border and perimeter security, critical infrastructure protection, and digital transformation initiatives.** Tahaluf's portfolio includes:

**AI based smart city operating platforms providing real time command, predictive analytics, and citywide situational awareness.**

**Computer vision and surveillance systems offering intelligent video analytics, recognition, and automated threat detection.**

**IoT driven asset and fleet tracking solutions enabling continuous monitoring and operational efficiency.**

#### **Advanced data intelligence and analytics tools for enterprise and government decision making.**

These solutions are backed by **Tahaluf's internationally accepted certifications, ISO/IEC-20000 1 (IT Service Management), and GDPR product certification,** reflecting its focus on quality, safety, service excellence, and data protection.

#### **Strategic benefit for ACS Technologies**

With this Collaboration, ACS Technologies Limited Emerges as Category-Defining Player in AI-Driven Infrastructure.

ACS Technologies is poised to become a category-defining enterprise for the decade ahead, leading the global shift toward AI-driven infrastructure and intelligent automation, powered by high-margin, IP-led innovation. The partnership strengthens ACS's ability to deliver certified, scalable, and deployment ready AI and IoT systems to large scale national and enterprise programs. By acting as the exclusive partner for Tahaluf's technology in India, ACS broadens its solution stack, enhances its competitive differentiation, and positions itself as a key enabler of India's smart infrastructure and digital transformation roadmap.

**Mr. Ashok Kumar Buddharaju, Chairman and Managing Director, ACS Technologies Limited, commented:** “This exclusive partnership with Tahaluf brings internationally recognized AI innovation to India through ACS. Tahaluf’s certified platforms and proven deployments across the UAE and the Middle East expand our capabilities to deliver advanced, secure, and intelligent solutions for mission critical sectors in India.”

## About Tahaluf AI Emarat Technical Solutions L.L.C S.P.C

Tahaluf is a UAE based leader in AI driven digital transformation, specializing in smart city architectures, computer vision, IoT ecosystems, and enterprise analytics. Its solutions are deployed in large scale government and defense projects and are supported by internationally recognized certifications, including ISO/IEC 20000-1, and GDPR aligned product certifications.

## About ACS Technologies Limited

ACS Technologies Limited, headquartered in Hyderabad, delivers advanced IT, systems integration, and digital infrastructure solutions to government, defence, and enterprise clients across India. The company focuses on smart city projects, infrastructure modernization, AI integrated analytics, and mission critical deployments that support India’s digital transformation journey.
